## Dataflow Overview

Document - 输入系统的文档。这些文档可以是CSV中的单行或单个.txt文件。

TextUnit - 分析的文本块。这些文本块的大小、重叠以及是否遵循任何数据边界可以在下面配置。一个常见的用例是设置成文档和TextUnit之间存在一对多的关系，而不是多对多。

Entity - 从TextUnit中提取的实体。这些实体可以表示人员、地点、事件或您提供的其他实体模型。

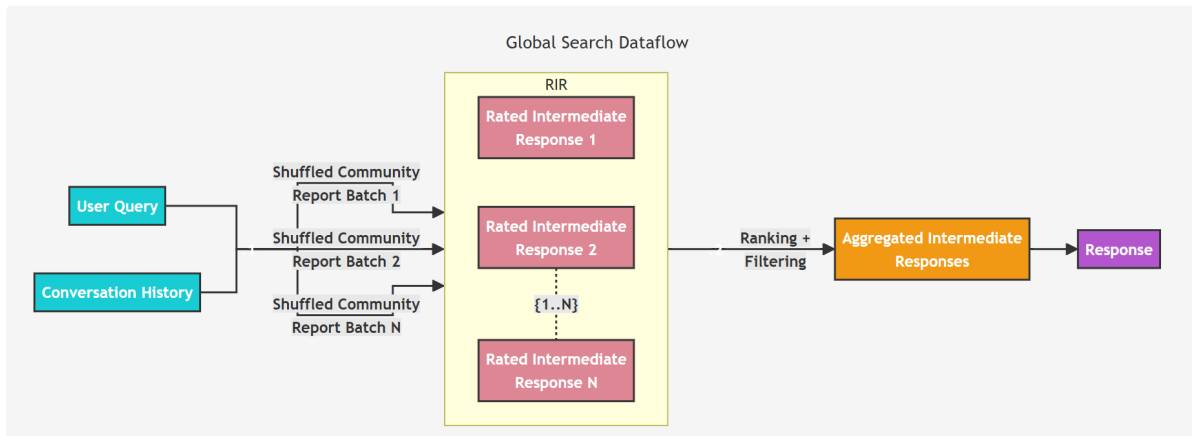

Relationship - 两个实体之间的关系。这些关系是从协变量中生成的。

Covariate - 提取的声明信息，包含关于实体的可能有时限制的陈述。

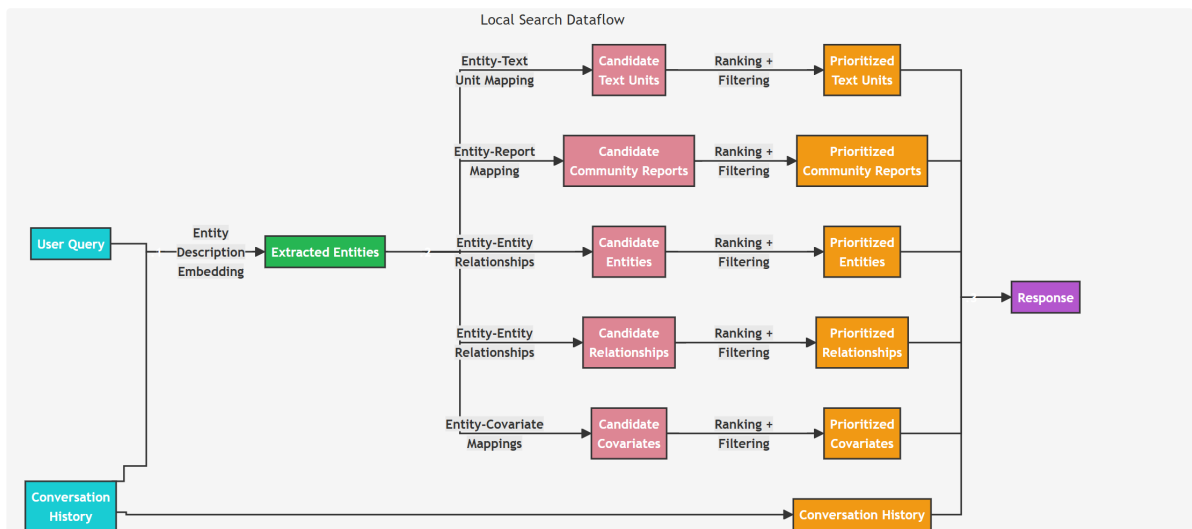

Community Report - 一旦生成实体，我们对它们执行分层社区检测，并为该层次结构中的每个社区生成报告。

Node - 此表包含嵌入和聚类的实体和文档的渲染图视图的布局信息。

each other's abilities. This acquaintance often engages in conversation
with 贾雨村, offering advice and insights. Additionally, "冷子兴" is also a
narrator, providing a detailed account of the 荣国府's current state,
linking it to the events surrounding the stone head. Furthermore, "冷子兴"
is a friend of 雨村 and recently, due to selling an antique, has become a
topic of discussion in the Zhou Nüe household. It is also revealed that
"冷子兴" is the father-in-law of Zhou Nüe, who was recommended by 贾芸 to

originally named 红玉, is a significant character in the narrative,
serving as a maid in the Jia family's household in 贾府. Known for her
intelligence, resourcefulness, and ambition, 小红 plays multiple roles
within the complex dynamics of the household. She is involved in various
interactions, including serving as a messenger between 贾芸 and 凤姐儿, and
her handkerchief becomes a topic of conversation between 贾芸 and 坠儿. 小红
is also the source of a rumor about 宝二爷's engagement, overheard by 侍书,
and she is sent by 凤姐 to discreetly investigate situations among the
household staff. After 凤姐's death, 小红 takes leave from the household.
She is closely associated with 宝玉 and 五儿, having previously been in 宝
玉's household. 小红 alerts 平儿 about the worsening condition of 凤姐 and
is instructed to provide water to 凤姐, highlighting her role in immediate
assistance. She is involved in a dispute with 秋纹 and 碧痕 and assists in
